- ♦ Welcome!
- ♦ Book Review
- ♦ April Happenings

Zoe Keesling

Zoe Keesling moved into Riverview Landing on March 2, 2024, and has already become active in our community. She moved here from Blaine but lived there a relatively short time because her husband needed care when he became ill, and living with a daughter in the Blaine community made it possible for her six children to help at various times. Zoe was born in Iowa, then moved to Wayzata, Minnesota with her mother, father, a younger brother and sister as a child. The three children attended school in that area. She became employed at age thirteen when she was hired as a car hop and waitress at the Oasis Drive Inn. It was through that experience where she met her husband of nearly seventy years. He worked as a mechanic for semi-trucks out of a Texaco Station and often dined at the drive-in restaurant where Zoe worked. After the couple married, they moved to Watertown and became parents to five girls and one boy. That family has now grown with the addition of twenty-five grand and great grandchildren. Zoe worked in a clothing store while Marvin continued to work as a mechanic. After retirement, the couple moved to Elk River but spent ten winters in Kerrville, Texas near San Antonio. While there, they remained busy working with the campground agency. Elk River was their home until the time came to temporarily live with their daughter in Blaine. You may find this ambitious lady in the Fitness Center or enjoying an activity such as the Friday music programs, etc. Please get to know this friendly new resident. Welcome, Zoe!

Employee Monkey Business

Featuring: Amanda Nundahl

If you could transform into any anything, what would it be?

Mermaid—Since I was kid, I have always thought it would be amazing to swim around in the ocean with all the sea creatures.

Where would you like to time travel: back to the past or to the future?

I think it would be fun to see what the future looks like. I have always wondered what the world will be like for future generations of my family.

What is on your bucket list?

Going to the ocean. I have not traveled much, but I would love to go somewhere.

Happy Birthday

SPRING RAIN

I thought I had forgotten,
But it all came back again
To-night with the first spring thunder
In a rush of rain.

I remembered a darkened doorway
Where we stood while the storm swept by,
Thunder gripping the earth
And lightning scrawled on the sky.

"Murder in an Irish Cottage"

By: Carlene O'Connor

Who believes in fairies in this day and age? It seems a goodly portion of Ballysiogdun, a remote Irish town in County Cork, does and is blaming the malevolent pixies for the murder of fellow resident, Ellen Delaney whose cottage blocks a known fairy path. When the murder investigation stalls, Jane, Ellen's daughter, turns to her cousin and his fiancé to look into the matter. Knowing full well the culprits are very much human, this cozy mystery, the fifth in the Irish Village series, will entrance fans of Ireland with its vivid descriptions of the countryside and Irish folklore.
